Training Evaluation & Report Pack

Three templates that turn a workshop into results you can report: a pre/post self-assessment, a participant feedback form, and a donor-ready training report.

By **Mohamed Dhia Arfa** · CNFCPP-certified trainer · dhia-portfolio.com

How the pack works

1. **Before the first activity**, participants fill in Part A (5 minutes).
2. **At the end**, they fill in the same Part A again, then Part B.
3. **Within a week**, you complete Part C with the averages and send it to the organiser or funder.

Write the 5 statements in Part A from your learning objectives. "I can plan a 30-minute team meeting with a clear agenda" is measurable; "I understand leadership" is not.

Part A · Pre / post self-assessment

Tick: Before ☐ After ☐ · 1 = not at all, 5 = completely. Anonymous: use a code (e.g. your mother's initial + birth day) so pre and post can be matched.

6. Challenges and how they were handled

7. Recommendations & follow-up

Report what changed, not just what happened. "28 participants; confidence planning a meeting rose from 2.1 to 4.0" tells a funder far more than "a successful two-day workshop was held".
