

FREE TEMPLATE · BRAND DESIGN

Brand Brief Template

Fill this in before any logo, palette or social template is designed. Twenty minutes here saves days of revisions later.

By **Mohamed Dhia Arfa** · Zia Studio · dhia-portfolio.com

1. The business

Business name

Sector & city

What you sell, in one sentence (no jargon: how would a customer describe it?)

Why now? New business, rebrand, new product, new market, inconsistent visuals...

2. Audience

Who buys from you? Age, situation, where they are, what they care about

Which languages do they read? Arabic / French / English / Tunisian dialect: this decides typography early

Where do they meet your brand first?

- | | |
|---|---|
| ☐ Instagram | ☐ Website |
| ☐ Facebook / Messenger | ☐ WhatsApp |
| ☐ Shop front / signage | ☐ Events / print |
| ☐ Packaging | ☐ Word of mouth |

3. Positioning

Complete this sentence. Every design decision will be checked against it.

"We want people to feel _____ and trust us with _____."

Three words that describe the brand

Personality sliders (circle one point on each line)

This	1 · 2 · 3 · 4 · 5	Not that
Premium	☐ ☐ ☐ ☐ ☐	Accessible
Playful	☐ ☐ ☐ ☐ ☐	Serious
Traditional	☐ ☐ ☐ ☐ ☐	Modern
Local roots	☐ ☐ ☐ ☐ ☐	International look
Bold	☐ ☐ ☐ ☐ ☐	Discreet

4. Competitors & references

Competitor	What they do well	What you want to avoid

Brands you admire (any sector) and why

Colours, styles or symbols that are off-limits (cultural, legal, a competitor owns it...)

5. What you need

- | | |
|---|--|
| ☐ Logo + variations (horizontal, icon) | ☐ Signage / shop front |
| ☐ Colour palette with roles | ☐ Business cards & stationery |
| ☐ Typography (Arabic + Latin pairing) | ☐ Menu / catalogue / brochure |
| ☐ Social media templates | ☐ One-page brand guidelines |
| ☐ Packaging / labels | ☐ Website design |

6. Practical details

Ideal launch date	Budget range
Who approves the final design?	Existing assets to keep (old logo, photos...)

One decision-maker, one round of consolidated feedback per stage. Briefs with five approvers and scattered comments are the main reason brand projects run late.
