Workshop Planning Template

The session plan structure for youth and NGO workshops: objectives first, then a timed flow, logistics, and the evaluation that turns a good day into results you can report.

1. Workshop overview

Workshop title

Organiser / partner

Date & duration

Venue (or online tool)

Participants (number, age range)

Working language(s)

2. Why this workshop?

The need What problem did the needs analysis show? What do participants currently do?

Learning objectives "By the end, participants will be able to..." Use verbs you can observe: explain, plan, practise, decide, present.

The behaviour that should change after the workshop

If an objective can't be observed or measured at the end of the day, rewrite it. "Understand leadership" can't be checked; "plan a 30-minute team meeting with a clear agenda" can.

3. Session flow

Time every block. Plan an energizer after any 45-60 minutes of sitting, and keep 10% of the total time as buffer.

Time	Block	Method	Objective served	Materials	Who
	Opening welcome, agenda, agreements				
	Icebreaker				
	Pre-assessment 3-5 questions				
	Core block 1				
	Energizer / break				
	Core block 2				
	Practice / simulation				
	Debrief what, so what, now what				
	Action plan				
	Post-assessment & feedback				
	Closing				

Debrief questions that work

- ☐ **What** happened? What did you notice?
- ☐ **So what?** What does it tell you about how you work, decide, or lead?
- ☐ **Now what?** What will you do differently next week?
